IDENTIFIERS *Arkansas

ABSTRACT

Based on the 1998 Arkansas English Language Arts Frameworks, this framework lists benchmarks for grades five through eight in writing; reading; and listening, speaking, and viewing. The writing section's stated standards are to help students employ a wide range of strategies as they write; use different writing process elements appropriately to communicate to different audiences for a variety of purposes; and apply knowledge of language conventions to print and non-print texts. Reading standards are focused to help students comprehend, evaluate, and respond to works of literature and other kinds of writing which reflect their own cultures and developing viewpoints as well as those of others. The reading section also focuses on guiding students to demonstrate a willingness to use reading to continue to learn, to communicate, and to solve problems independently. The listening, speaking, and viewing standards focus on helping students develop and apply these communication skills through a variety of informal and formal opportunities. (PM)

Sample Grade Level Benchmarks

Grades 5-8

English Language Arts

"Introduction to the Revised Language Arts and Mathematics Frameworks (K-12)" Users of this document are referred to the

documents and sample Curriculum model documents in Language Arts and Mathematics for grade clusters K-4 and 5-8. The grade level benchmarks are tied directly to the curriculum frameworks. They contain suggestions for classroom assessments (and cite the options listed in the framework) and The curriculum frameworks revision committees suggested that the Arkansas Department of Education create sample grade level benchmark documents to model how a local district could use the frameworks to direct curriculum work. This effort has resulted in the sample Benchmark suggestions for strategies/activities.

The grade level benchmarks are intended to support local curriculum work; they are not intended to replace local curriculum

1998 Arkansas English Language Arts Curriculum Frameworks Benchmarks and Model Curriculum are based on the

Arkansas Department of Education 1999

T

STRAND 1: WRITING
CONTENT STANDARD 1: Students will employ a wide range of strategies as they write and use different writing process elements appropriately to communicate different audiences for a variety of purposes.

STUDENT LEARNING EXPECTATIONS	STUDENT LEARNING FIFTH GRADE EXPECTATIONS	SIXTH GRADE	SEVENTH GRADE	EIGHTH GRADE
W.1.1. Write in class for uninterrupted periods of time about experiences, thoughts and attitudes of self and others. W.1.2. Write in a variety of forms such as personal narrative dialogue, persuasive essays, messages and letters, poetry, advertisements. W.1.3. Write to reflect personal, multicultural and universal ideas.	Students will write with and without prompts in personal journals or specified formats for specific periods of time on a regular basis.	Students will write with and without prompts in personal journals or specified formats for specific periods of time on a regular basis. Students will write with increased independence based on real-world and classroom experiences and instruction.	Students will write in journals, logs, and other devices on a daily basis in response to prompts, reading, and discussion in all disciplines. Students will write papers in all disciplines as appropriate in the forms of narration, exposition, description, persuasion, including essays, letters, poetry, and other genres based upon classroom instruction, personal experience and preference, and interdisciplinary learning. In all disciplines, students will write daily to reflect personal ideas on multicultural and universal themes and concepts.	In all disciplines, students will write daily in both formal and informal style in journals, logs, and other formats. Students will develop multiple works in progress and polished papers in narration, persuasion, exposition, and description including essays, letters, poetry, and other genres in all disciplines. Students will write on topics from personal experience as well as topics generated in class. Students will write in all disciplines to express awareness of multicultural and universal issues.

ထ

STRAND 1: WRITING CONTENT STANDARD 1: Students will employ a wide range of strategies as they write and use different writing process elements appropriately to communicate different audiences for a variety of purposes.

STUDENT LEARNING EXPECTATIONS	STUDENT LEARNING FIFTH GRADE EXPECTATIONS	SIXTH GRADE	SEVENTH GRADE	ЕІСНТН GRADE
W.1.4. Analyze thinking through the writing of explanations, directions, outlines and story maps.	Students will demonstrate understanding of sequencing and structure by writing about the components of what they have learned, explaining content and/or process, constructing simple outlines, and categorizing story elements.	Students will analyze in writing the components of what they have learned, by explaining content and/or process, by constructing simple outlines, and by categorizing story elements.	Because practice in writing is practice in thinking, students will employ higher order thinking skills in writing such as clustering, webbing, outlining, focused freewriting, mapping, and plot diagrams.	Students will employ higher order thinking skills in writing by responding to content area literature using clustering, webbing, outlining, focused freewriting, mapping, and plot diagrams.
W.1.5. Collect, organize, and present data from wide variety of informational and technological resources, e.g., CD-ROM and interviews.	Students will access information for the purpose of writing from available technological and human resources. Students will use technology to advance the writing process.	Students will use available technological and human resources to collect and organize information for writing. Students will use technology to advance the writing process.	As a basis for writing, students will research information by personal interviews and traditional and technological references such as Internet, CD-ROM, etc. Students will use technology to prepare and present final products.	As a basis for writing and learning in all disciplines, students will research, organize, and present data from personal interviews and traditional and technological references such as Internet, CD-ROM, etc. for personal and academic growth.
W.1.6. Maintain and evaluate a collection of writing samples.	Students will maintain a collection of writing samples selected to demonstrate specific skills, competencies and learning.	Students will select writing samples evaluated by using tools such as a writer's checklist or rubric.	Students will develop a writing portfolio to include samples of description, exposition, narration, persuasion, personal reflections on writing, and writing from other disciplines. Evaluation to be determined by district standards.	Students will develop a writing portfolio that includes description, exposition, narration, persuasion, writing from other disciplines, and personal reflections on application of the writing process. This portfolio should exhibit growth in ACTAAP writing domains: content, style, sentence formation, usage, and mechanics.

Strand 1: Writing

STUDENT LEARNING EXPECTATIONS	FIFTH GRADE	SIXTH GRADE	SEVENTH GRADE	EIGHTH GRADE
W.1.7. Apply a variety of prewriting activities including clustering, brainstorming, dialogue, drawing, role playing and learning logs.	The writing process encompasses Student Learning Expectations W.1.7 through W.1.11. and Content Standard 2. Students will choose and apply appropriate pre-writing strategies for a variety of writing purposes across the curriculum.	The writing process encompasses Student Learning Expectations W.1.7 through W.1.11. and Content Standard 2. Students will choose and apply appropriate pre-writing strategies for a variety of writing purposes across the curriculum.	In the prewriting stage of writing, to generate and organize ideas for writing, students will use methods that may include focused freewriting, clustering, brainstorming, learning logs, journals, lab notebooks, mapping, webbing, and art activities. Using material generated in the prewriting stage, students will	In the prewriting stage of writing, to generate and organize ideas for writing, students will use methods that may include focused and unfocused freewriting, clustering, brainstorming, learning logs, journals, lab notebooks, mapping, webbing, and art activities.
W.1.8. Develop a first draft that focuses on a central idea.	Students will create a first draft focusing on developing a central focus: topic sentences, elaboration though details and explanation, lack of digression, and logical organization.	Students will create a first draft focusing on developing a central focus: topic sentences, elaboration though details and explanation, lack of digression, and logical organization.	develop a first draft in which each paragraph has a topic sentence, supporting details, and closing sentence as cited in ACTAAP Domains. In peer groups or with teacher, students will revise writing in	prewriting phase, students will develop a first draft for a longer, detailed paper which concentrates on central idea, elaboration, unity, and organization. (See ACTAAP domains)
W.1.9. Revise writing based on student-teacher collaborative feedback in order to re-examine for purpose, audience, voice and sentence effectiveness.	Students will revise writing using various tools/methods such as collaboration, a revision checklist or scoring guide. Students will use a dictionary, thesaurus, collaboration, or other appropriate resources to edit for accuracy in spelling, punctuation, grammar and usage.	Students will revise writing using various tools/methods such as collaboration, a revision checklist or scoring guide. Students will use a dictionary, thesaurus, collaboration, or other appropriate resources to edit for accuracy in spelling, punctuation, grammar and usage.	Content and Style as cited in ACTAAP domains working toward proficient or advanced level. Students will edit writing to a developmentally appropriate level in pairs, in groups, or by self to correct sentence formation, usage, and mechanics as cited in ACTAAP Domains.	Students will revise writing in pairs, in peer revision groups, and one-on-one teacher conferences guided by the criteria of ACTAAP domains Content and Style. Students will edit writing to a developmentally appropriate level in pairs, in groups, or by self to correct sentence formation, usage, and mechanics as cited in ACTAAP
W.1.10. Edit using resources to correct spelling, punctuation, grammar and usage.	Students will complete a final draft and publish appropriately (newsletter, bulletin board, website, classbook, portfolio, etc.).	Students will complete a final draft and publish appropriately (newsletter, bulletin board, website, classbook, portfolio, etc.).	Using available technology, students will produce a final product to be shared or published working toward proficient or advanced level.	domains. Using available technology, students will produce a final product to be shared or published that exhibits proficient or advanced level of ACTAAP domains.

STRAND 2: READING

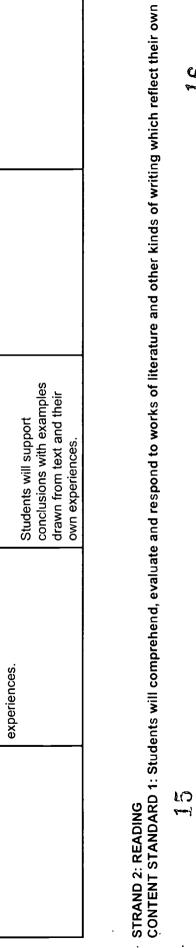

CONTENT STANDARD 1: Students will comprehend, evaluate and respond to works of literature and other kinds of writing which reflect their own cultures and developing viewpoints as well as those of others.

STUDENT LEARNING FIFTH GRADE EXPECTATIONS	FIFTH GRADE	SIXTH GRADE	SEVENTH GRADE	EIGHTH GRADE
R.1.1. Read individually and in groups.	Students will have daily opportunities to read selfselected and teacher-selected material individually and/or in cooperative groups or whole class.	Students will have daily opportunities for individual reading and frequent opportunities for group/whole class reading.	Students will use reading to obtain information in classes across the curriculum. Students will read for enjoyment and to share what is read with classmates.	Students will use reading to obtain information in classes across the curriculum. Students read for enjoyment and share what is read with classmates.
R.1.2. Analyze related and implied main ideas and supportive details.	Students will determine a text's main ideas and how those ideas are supported with details.	Students will use increasingly complex texts to determine main ideas and supporting details.	Students will determine themes of a variety of literature and identify details which support the themes.	Students will determine the themes of a variety of literature and identify details which support the themes.
R.1.3. Analyze text using patterns of organization, such as story elements, cause and effect, comparison and contrast.	Students will use a variety of appropriate graphic organizers such as Venn diagrams, story maps, clusters, etc. to analyze text.	Students will determine appropriate type of graphic organizer for use in text analysis. Students will identify patterns of text organization to aid in comprehension.	Students will use the appropriate graphic organizer as a basis for class discussion and/or written response to literature. Students will paraphrase and summarize selections of literature. Students will compare, make inferences, and draw conclusions.	Students will use organization skills to analyze texts. Students will paraphrase summarize, compare, make inferences, draw conclusions, and respond to selections of literature. Students will critique, defend, and judge selections of literature.

STRAND 2: READING CONTENT STANDARD 1: Students will comprehend, evaluate and respond to works of literature and other kinds of writing which reflect their own cultures and developing viewpoints as well as those of others.

STUDENT LEARNING EXPECTATIONS	STUDENT LEARNING FIFTH GRADE EXPECTATIONS	SIXTH GRADE	SEVENTH GRADE	EIGHTH GRADE
R.1.4. Analyze literature for purpose, ideas and style of author.	Students will identify the purposes of different types of literature such as to inform, to influence or persuade, or to express or entertain. Students will analyze literature by identifying such elements as the author's tone, voice, vocabulary, point of view, etc.	Students will identify the purposes of different types of literature of increasing complexity. Students will use the awareness of an author's style and purpose as models for their own writing.	Students will identify genres of literature and determine the purposes of various genre. Student will analyze author's tone, voice and style as aids in determining the ideas the author is presenting.	Students will identify genres of literature and determine the purposes of various genres. Student will analyze author's tone, voice, and style as aids in determining the ideas the author is presenting.
R.1.5. Read to discern validity of written material, such as propaganda and bias.	Students will analyze written material for purpose, accuracy and impact by evaluating generalizations and specifics, source of information, fact and opinion. Students will respond in speaking and/or writing to open-ended questions requiring evaluation in all content areas. Students will support conclusions with examples drawn from text and their own experiences.	Students will analyze written material from a variety of independent and/or assigned sources for purpose, accuracy and impact by evaluating generalizations and specifics, source of information, fact and opinion, manipulation of language, substantiation, etc. Students will respond in speaking and/or writing to open-ended questions requiring evaluation in all content areas. Students will support conclusions with examples drawn from text and their own experiences.	Students will analyze written material from all areas of the curriculum for purpose, audience, accuracy, and impact.	Students will analyze written materials from all areas of the curriculum and the Internet for purpose, accuracy, and impact.
